Recommendation to Purchase Laptop

After comparing available models from different stores, we recommend purchasing the Acer Extensa EX215-23-R2MB **from** Laptop Factory **at a price of Php 30,000.00.**

Justification

- **Reasonable Price**: The Acer Extensa EX215-23-R2MB offers the most affordable price at **Php 30,000.00**, compared to Php 35,999.00 and Php 40,000.00 in other stores.

- **Better Graphics**: Equipped with **AMD Radeon Graphics**, which provides better performance for multitasking and light graphics-related tasks compared to Intel UHD Graphics.
- **Powerful Processor**: The AMD Ryzen™ 5 7520U ensures smooth daily operations for office tasks such as documentation, presentations, online meetings, and database access.
- **Sufficient Memory & Storage**: With **8GB RAM** and **512GB SSD**, this laptop supports efficient multitasking, fast system boot, and reliable file storage.
- **Large Display**: The **15.6″ Full HD IPS Display** offers better visibility and comfort for long working hours.
- **Office-Ready**: Runs on **Windows 11 Home** and already suitable for productivity tools used daily by the **PSME Executive Director, Technical Department, Regional Secretary, and Comelec operations**.

Recommendation

Based on performance, practicality, and cost-efficiency, the **Acer Extensa EX215-23-R2MB from Laptop Factory** is the most suitable choice to support the **daily office operations of PSME**, especially for the **Executive Director, Technical Department, Regional Secretary, and Comelec**.
